

Call for abstracts IC-3Rs Symposium

Deadline: 24/09/2021

During the upcoming IC-3Rs Symposium, themed 'Human-relevant models for drug research and development', organized on the 7th and 8th of October, the two **best virtual presentations will be awarded**:

1 public prize of 250€

1 jury prize of 250€

Topics of interest

Researchers are invited to submit an abstract within **the 3R-framework in its broadest sense**:

- Drug development and research; toxicology; risk assessment,
- Organ-on-chip; 2D- and 3D-culture; *in silico* methodology; ...
- Stem cell technology,.....

Requirements

- Submit an abstract in English of max 300 words in PDF format
- Indicate name, affiliation and contact details of each author
- Submit a short **3-minute pitch/video (max 3 slides)**, provided via a **YouTube link, at the latest one week before the Symposium starts**
- Please use your name as title of the pitch/video

All submitted pitches will be available for viewing throughout the whole Symposium via the Hopin Platform. People will be able to view your video and ask questions. On YouTube you can indicate if your video should be hidden, so it is not open for the whole world but only for the participants of the Symposium. If you have any questions about submitting your video via YouTube, do not hesitate to contact info@IC-3Rs.org. More information about the organization of the presentations will follow in due time.

A special poster session will be held on Friday the 8th of September from 10h30 to 11h30 on a number of abstracts selected by the jury and the public.

Applications

- Send your abstract to info@IC-3Rs.org
- **Register** for the **free Symposium**, possible from September 1
- You will be notified about acceptance and further practical details
